

A National Seminar was conducted by the Geography Department of K. S. College Darbhanga on 21.03.19 on the theme Problem and Prospect of Agriculture Based Industry in Bihar Dr. Shambhavi, HOD, English Department, welcomed the distinguished guests in the session. The session was presided by Dr. Anil Kumar Singh, Principal K. S. College. He congratulated the convener and the participants for coming up with such an important topic and Agriculture can be the strongest player in improving the economy of the state, provided we learn how to manage the available resources. Guest of honour, Dr. Vinay Nath Jha, HOD, Geography, MLSM College gave references from different case studies which can be applied in context of Bihar, with current climate conditions and resources. Keynote speaker Dr. K. D. Jha, Asst. Professor, Department of Geography, and Programme officer, NSS, MLSM College said that Agriculture based industries are a boon for Bihar. Not only does the state has fertile lands, but also adequate amount of water. This can become one major source of employment generation. Seminar saw active participation of 116 members and was conducted in 2 technical sessions. Amongst the attendees were IQAC coordinator Dr. Abhishek Rai, HOD, Chemistry, Dr Anirudh Kumar, HOD Physics, Dr Ram Avatar Prasad, head of Mathematics Department, Dr Manju Singh head of the department of Maithili, Dr Shambhavi head of the Department of English, Dr Rakesh Kumar Sinha, head of the department of History, Shree Vineet Srivastava, Asst. Professor, department of Economics, Dr. Ranjana Singh, Asst. Professor, Department of Psychology, head clerk of the college Mr. Vinod Singh and students of Geography department from various colleges. Miss Prachi Marwaha assistant professor department of Home-science remained the repoter for the seminar. Vote of thanks was delivered by Convener Dr Rashmi Shikha, HOD Geography K.S. College Lahariya Sarai Darbhanga.
